Authorization for this examiner's amendment was given in a telephone interview with Linda Liu on 1/30/2004.

The application has been amended as follows:

In the Amendments to the Specification, replace "This application....1998." (page 2, lines 4-5) with:

-- This application is a divisional application of U.S. Application No. 09/214,014, filed on December 21, 1998, now U.S. Patent No. 6,599,015. --

Change the title to -- METHOD AND APPARATUS FOR MAKING A BAG --.

Oath/Declaration

2. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not identify the foreign application for patent or inventor's certificate on which priority is claimed pursuant to 37 CFR 1.55, and any foreign application having a filing date before that of the application on which priority is claimed, by specifying the application number, country, day, month and year of its filing.

3. Receipt is acknowledged of papers filed under 35 U.S.C. 119 (a)-(d) based on an application filed in PCT/AU97/00394 on 6/20/1997. Applicant has not complied with the requirements of 37 CFR 1.63(c), since the oath, declaration or application data sheet does not acknowledge the filing of any foreign application. A new oath, declaration or application data sheet is required in the body of which the present application should be identified by application number and filing date.
